

Merry Christmas from Forest Gate

Save the Old Spotted Dog

The Old Spotted Dog is an inn in Forest Gate dating back to the 16th century, reputed to be Henry VIII's hunting lodge for Epping Forest. It is falling into disrepair since its last owners went into liquidation nearly a decade ago and local people are campaigning to restore this important building back into use as a pub and hub of community life for all generations. Please lend your support to our campaign.
